Course Description, Prerequisites, Corequisites:

The transition from creating still images to creating short videos and films poses a unique set of challenges for the experienced photographer. While lighting, composition, and camera control need only minor refinements, sound, editing, and controlling a timeline requires a new skill set and change in mindset. Using creative projects, students explore the possibilities of video for commercial use. Using DSLR-based equipment and software, still photographers capture motion and to create stills-based motion effects.

Prerequisites: A minimum "C" grade in PHOT 1120, 1205, 1210, 2320 and 2325.

Corequisites:

Students will receive credit for only one of PHOT 2348 and 2440.

Registration in this course is restricted to students admitted to the Diploma in Professional Photography Program.
